

**Building Energy Smart
Technologies (BEST) Center**

**Industrial Advisory Board Meeting
April 20-21, 2023
University of Colorado Boulder**

BEST Center IAB meeting attendees are required to register via [Eventbrite](#)

Please join BEST Center faculty, students, and industry experts for the semiannual industrial advisory board (IAB) meeting in Boulder, CO on April 20-21, 2023. Attendees will have the opportunity to learn about current projects led by CU Boulder and CCNY researchers in the last year, review proposals for the upcoming funding year, and network with faculty, students, guests, and IAB member organization representatives. IAB members will be providing feedback on past and future research activities and will vote on projects to be funded for the upcoming year. Guests are invited to join for Day 1 activities on April 20th. Additional information can be found at the [Spring 2023 BEST Center IAB Meeting Website](#).

The BEST Center is an NSF Industry-University Cooperative Research Center (IUCRC) focused on innovating the future of smart and energy efficient buildings. BEST Center [IAB members](#) collaborate with university faculty to establish research topic areas, review research proposals, and develop the capabilities of students as the future workforce of the smart and energy efficient building industry.
